Dear Mr. Marmur,

I would like to take this opportunity to convey how much I appreciated your collaboration and reactivity during the planning process prior to our conference. Thanks to Kristof's work we now have great material to support our communications and website.

Thank you for your professionalism and your time.

I am looking forward to working with you in the future!

Kind regards,

A handwritten signature in blue ink, appearing to read 'Isabelle Desloges', written over a faint, larger version of the signature.
